

# Jonah Revised

Corrections to the instructions in  
**Scroll Saw Woodworking & Crafts Fall 2006**  
Issue 24

Remember to use a sharp blade and  
cut SLOW SLOW SLOW

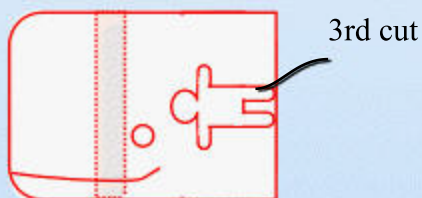

Turn the whale  
on its side  
The front of the  
whale has  
been removed

Paste the second pat-  
tern on the front of the  
whale.  
The shaded part lines  
up with the inside of  
the lobe.  
Cut the little man out.

Jonah pattern 2

Reassemble the puzzle  
Cut final outline  
Turn the whale on it's  
side and cut out the  
profile and mouth

Drill a 1/16 hole for the eye.  
Insert, a dowel, toothpick or bamboo  
skewer into the hole to lock the puzzle.

If the dowel or skewer is too big, chuck  
it into an electric drill and sand it till it  
fits.
